Subject: COVID-19 Update 5/7/20

May 7, 2020

New Information

School Counselors Continue to Update Their Resources Document

This information is always available on the school district website. Here is the most up-to-date information our counselors have compiled for parents and students. [LINK](#)

Reminders & General Information

SchoolMessenger Alerts Will be Sent Weekly on Thursday Going Forward

Parent updates will be sent out weekly and come to you each Thursday. Of course, if there is more urgent news to share, your child's principal or I will send you that information.

Summer Camp/Athletic Camps Canceled

Due to the order for school closure being extended through June 30th, we have made the decision to cancel our summer camp program as well as athletic camps. We will continue to give consideration as to how we can provide additional academic support to students when the time comes that we are able to do so.

Picking Up Student Belongings From School Buildings Next Week

You have already received an email with information about picking up your child's remaining items from our schools and returning items that are school district property. Buildings will be open for pick up only May 12, May 13 and May 14. Our three elementary schools will handle this by drive-thru pickup/dropoff of items. At the middle school and high school, safety precautions will include (1) Only one adult/student (grades 6-12) or one adult (grades K-5) will go to the school building on the assigned schedule so that social distancing can be maintained. (2) No one will be permitted to enter a building without wearing a mask/face covering (3) Everyone must be fever-free for at least 5 days.

Use of Building Phone Numbers

Our office staff are working in school buildings in an intermittent fashion as we transition toward opening our doors per the Governor's plan for return to work. For now, our buildings will remain closed to the public but we encourage you to begin using our established office numbers rather than the number established for the closure.

How Final Grades via Remote Learning Will be Calculated

Grades K-3

Students are expected to engage with Remote Learning Experiences and progress in their learning. Students will demonstrate engagement by logging into their courses and completing and submitting assignments and activities. Students who need extra support should reach out to their teacher with questions, needs, and concerns.

Teachers will provide feedback and comments in the narrative section of the report card. No 4th quarter grades will be reported.

Grades 4 & 5

Students are expected to engage with Remote Learning Experiences and progress in their learning. Students will demonstrate engagement by logging into their courses and completing and submitting assignments and activities. Students who need extra support should reach out to their teacher with questions, needs, and concerns.

Students who are actively engaging in Remote Learning Experiences will receive a 4th quarter grade of Satisfactory. Students who are engaging but are struggling with concepts will receive support during the school year next year.

Our school team will make every effort to connect with students who are not engaging in remote learning. Students who do not engage in Remote Learning Experiences may need to attend summer tutoring and enter into specific remediation classes in the fall.

Grades 6-8

Students are expected to engage with Remote Learning Experiences and progress in their learning. Students will demonstrate engagement by logging into their courses and completing and submitting assignments and activities. Students who need extra support should reach out to their teacher with questions, needs, and concerns.

Students who are actively engaging in Remote Learning Experiences will be “held harmless” for fourth quarter grades. A student’s fourth quarter grade cannot be lower than the average of their first three quarters. Graded learning assignments/activities during remote learning can maintain or raise a student’s grade.

Our school team will make an effort to connect with students who are not engaging in remote learning. A teacher, in conjunction with the building team, will make every attempt to connect with the student and family to determine how to support the student in engaging in the learning and assignments/activities.

Students who do not engage in Remote Learning Experiences may need to attend summer tutoring and enter into specific remediation classes in the fall. Our school teams will make every effort to support each student. If students are unable to engage in remote learning even with those supports from the school team, the school team will collaborate with students and/or family to determine future steps for the student’s learning.

Grades 9-12

Students are expected to engage with Remote Learning Experiences and progress in their learning. Students will demonstrate engagement by logging into their courses and completing and submitting assignments and activities. Students who need extra support should reach out to their teacher with questions, needs, and concerns.

Students who are actively engaging in Remote Learning Experiences will be “held harmless” for third trimester grades. A student’s final 3rd trimester grade cannot be lower than the grade was prior to school closure. Graded learning assignments/activities during remote learning can maintain or raise a student’s grade.

Students who did not engage in Remote Learning Experiences will need to attend summer tutoring, complete summer online coursework, and/or have their 20-21 schedule modified to gain credit in courses that were not completed. Our school teams will make every effort to support each student. If students are unable to engage in remote learning even

with those supports from the school team, the school team will collaborate with students and/or family to determine future steps for the student's learning.

MHS Graduation Ceremony Set For Saturday, May 23

Members of the Maumee High School Class of 2020 will take part in their commencement ceremony on May 23. Grads and parents have received specific details. The community and out-of-town family and friends will be able to watch the ceremony live streaming from the Performing Arts Center at Maumee High School, beginning at 8 a.m. Up to four guests will be invited into the Performing Arts Center at a scheduled time slot to see their graduate walk across the stage for a diploma presentation. Safety protocols, including everyone wearing a mask or face covering, will be in place and social distancing will be maintained. At the conclusion of what will most likely be seven-hours of presenting graduates with their diploma, the live-streamed video will be edited down and every graduate will have access to download a copy.

Important Dates For Remaining Weeks Of The School Year

May 15 - Last Day of New Instruction Grade 12

May 19 - Last Day of New Instruction Grades K-11

*Please be sure to read emails sent from each school this week regarding student pickup of materials/belongings

Grab & Go Meals Order Form

Maumee's meal service site is Gateway Middle School (900 Gibbs Street). Please fill out our [Grab & Go Order Form](#) if you have not already filled one out so that we know your children (ages 1-18) need meals.

Technology Support

If you need assistance please email helpdesk@maumeek12.org. If you do not have a way to email, you may call your child's school and a request for assistance will be created for you.
